

RIGHTSIZE. RIGHT SUPPORT. **RIGHT** *for* **STUDENTS.**

A family guide to the proposed school changes

Every school is a community. A school change can affect friendships, routines, programs, and a family's sense of belonging. This guide explains what is proposed and why.

Scenarios A and B are proposals, not final decisions. "No changes proposed" means these options do not include a change for that school.

Each school has a snapshot and a box explaining the reasons for the proposal. The next page shows enrollment estimates, programs, student groups, and maps. Estimates cover 2027-28 through 2031-32. They are not current student counts.

The possible benefits are goals. A larger school does not automatically get a full-time librarian, certain staff, or specific programs. Those details depend on the district's staffing rules, budget, and plans for making the changes.

A school or program move does not determine where an individual student receiving special education services will go. Families and school teams would need to plan each student's services and support.

The school details, numbers, and maps come from PPS school profiles. This guide explains that information in simpler language.

Words you may see in this guide

No changes

What is expected if the district keeps the current schools and programs.

Option A / Option B

The two scenarios. "A and B" means the same information applies to both.

School boundary

The area used to assign students to a neighborhood school based on where they live.

School communities joining

Students from two or more schools would come together. The proposal says which school building would close.

Programs joining

A program would come together at one school or move to another school.

DLI

Dual Language Immersion: learning in English and another language.

School size goal

More than 360 students for K-5 schools; more than 500 for K-8 or middle schools; more than 1,100 for high schools. These are planning goals, not ratings of school quality.

Space use goal

The district aims to use 70%-100% of a school's available room for students. A "No" can mean the school is below or above that range.

Title I

Federal money that supports schools serving students from low-income households. The guide shows the expected designation.

IEP

An Individualized Education Program: a written plan for a student's special education services and support.

Choice program

A program with a special focus, such as arts or science. It may serve families beyond a neighborhood school boundary.

Student groups

Groups can overlap. Do not add the percentages together.

**You may notice slight differences in student numbers and/or demographics in schools that don't experience change because a focus option school has changed and we assume that students return to their neighborhood school.*

CÉSAR CHÁVEZ

School proposal | Options A and B

SCHOOL SNAPSHOT	DETAILS
Current program	K-8 neighborhood/language immersion
Expected enrollment with no changes	413 in 2027-28; 392 in 2031-32
District school size goal	More than 500 students
Students living within 1 mile	82.8%
Building notes	None

WHY IS PPS CONSIDERING THIS?

Complex school setup: Hosting multiple complex programs (DLI, neighborhood K-8, special education) on one school created unbalanced class sizes and operational issues.

Focused language focus: Moving to a single-focus K-5 DLI school creates a regional Spanish language program location.

This is a proposal, not a final decision.

What is being proposed?

César Chávez would change from a K-8 to a focused K-5 regional Spanish DLI school.

It would welcome Spanish DLI students from Beach, Sitton, and James John.

Neighborhood (non-DLI) K-5 students would move to Rosa Parks K-5.

Middle grade (6th-8th) students would move to George Middle School.

What could students gain?

Vibrant language culture: Creates a school-wide focus on reading and writing in Spanish and English where DLI teachers plan and work together in grade-level teams. Full middle school options: 6th-8th graders move to George Middle School for broader electives, athletics, and middle school buildings. Building Upgrades: K-5 neighborhood students moving to Rosa Parks will enjoy an updated building.

What else was considered?

Regional domino effect: Changing César Chávez opens up the necessary space at Sitton and Chief Joseph to welcome neighborhood students from closing schools.

ENROLLMENT, PROGRAMS & MAPS

How many students are expected?

School year	2027-28	2028-29	2029-30	2030-31	2031-32
No changes	413	403	404	405	392
Options A and B	541	532	525	528	527

Programs, school size & nearby families

Measure	No changes	Options A and B
Type of change	No changes	Grade changes and Programs joining
Meets school size goal?	No	Yes
Meets space use goal?	No	Yes
Students living within 1 mile	82.8%	N/A
Grades and programs	K-8 neighborhood/language immersion	K-5 language immersion

Where would the school boundary be?

Who would the school serve?

Option	Poverty	Special education	Multilingual services	Underserved racial groups	Title I
No changes	65.7%	21.0%	35.7%	81.5%	Yes
Options A and B	47.8%	14.5%	42.8%	69.1%	Yes
